# INTRODUCTION

Founded as Hindustan Twyfords Limited, after a technical association with Twyfords, UK in 1960, HSIL has redefined the Indian sanitary-ware market over these five decades. The company has earned tremendous equity in the ‘building products’ category with its iconic brand Hindware. Its other brands: Raasi & Benelave operate in the VFM category while brand Amore offers premium wellness products.

HSIL entered the glass bottle manufacturing sector by acquiring Associated Glass Industries Limited (AGIL) in 1981. Hindware Home Retail Private Limited (HHRPL), a 100% subsidiary of HSIL launched the brand EVOK – a chain of large retail stores offering home interiors and décor merchandise.

With strategic expansion into the Consumer Products Business, HSIL forayed into kitchen appliances category under the brand Hindware Kitchen Ensemble. Further expanding the consumer products portfolio, HSIL entered into an association with Groupe Atlantic of France, bringing Hindware Atlantic water heaters into the Indian market. With both these categories performing remarkably well, HSIL entered into the air coolers category with the brand-‘Hindware Snowcrest’ and into purifying solutions with the brand name ‘Moonbow’, offering a range of exceptionally well designed air purifiers & water purifiers.

HSIL is amongst the top 500 companies as listed in the ‘Fortune India 500’ 2014 list. Superlative design, innovation and unbeatable quality form the core of HSIL business philosophy. With an aim to grow its consumer business manifold and to be the leader in the category, HSIL will continue offering top-notch products to its consumers.

Hindware welcomes you to the world of enhanced and delightful cooking. Its range of exquisitely crafted kitchen appliances is sleek, stylish, durable and high on performance.

Hindware’s wide range of Cooker Hoods and Built in Hobs are inspired by aesthetically pleasing ‘Italian design and European craftsmanship.

The cooker hood range is a blend of futuristic designs and advanced technology. It helps in maintaining a smoke-free, fresh and clean kitchen.

Hindware Built in Hobs are all about giving you an effortless and efficient cooking experience. The beautiful design with the toughened glass top is enough to add glamour to any kitchen.

Our Cooktops are a perfect blend of design and technology, which looks great and excels in performance.

Just choose from our wide range and showcase the splendor of your cooking skills. Now, cook anything from curries to kebabs, pastas to pizzas. Cook without breaking into sweat, thanks to the multi-dimensional capability of our Cooking range comprising of brass burners, gas grill and oven.

Hindware is a flagship brand of HSIL, renowned for its trustworthiness for over 60 Years. Hindware has made its mark nationwide with its excellent quality control and commitment to customers.

So, keep cooking happiness and make your kitchen lively with Hindware’s wide range of kitchen appliances.

# COOKER HOODS

A unique blend of futuristic design and cutting-edge technology for a healthy and smoke-free kitchen.

## KEY FEATURES

### AUTO-CLEAN

Auto-clean is a state-of-art feature which helps in cleaning the residue and oil formed inside the motor and cleanses it with just one touch.

### POWERFUL MOTOR

Hindware cooker hood is loaded with a powerful motor which has high suction capacity, longer operational life, lesser power consumption and lesser noise.

### REMOTE CONTROL

For a hassle-free operation of Cooker Hoods.

### 2D FILTER TECHNOLOGY

Two dimensional filter that's designed to absorb smoke and residue from two dimensions making it more efficient in cleaning your kitchen atmosphere.

### P D C A HOUSING

### FOR SILENT OPERATION

Pressure Die Cast Aluminium Housing increases the motor's life and decreases its noise level thereby making the motor more silent during operation.

### ENERGY EFFICIENT LIGHT

Lamp with larger illumination area which makes it easier to view your countertops and consumes less power.

### BAFFLE FILTER

Stainless Steel Baffle Filter works efficiently forcing oil and other residues to settle inside the baffle, letting only the air move freely in between the filters.

### OIL COLLECTOR CUP

Designed to meet the different cooking styles from all over India, this cup collects oils and other residues during operation.

### TIMER

Timer enables to set time for switching off the cooker hood thus ensuring ease of use.

### METAL BLOWER

Metal blowers ensure high airflow and durability.

## BUILT-IN HOBS

Hindware Built-in hobs are customised to suit Indian cooking style and ensure a delightful and hassle-free cooking experience. They are equipped with highly efficient burners and durable pan supports. These sleek and designer hobs add elegance and glamour to your kitchen.

## KEY FEATURES

### BRASS BURNER

Hobs are equipped with brass burners which have a high temperature resistant coating to ensure fuel efficiency and durability. These are perfect for Indian cooking style.

### CAST IRON PAN SUPPORT

Pan supports made up of cast iron enables it to stay strong and durable. It also adds elegance to the Hob.

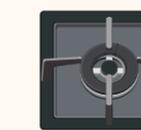

### ELEGANT METALLIC KNOB

Metallic knob made of ZAMAC material has a superior finish and adds an element of beauty to the Hob.

### 8mm TOUGHENED GLASS

Toughened glass is developed through controlled thermal treatment. It is stronger and ensures durability and longevity.

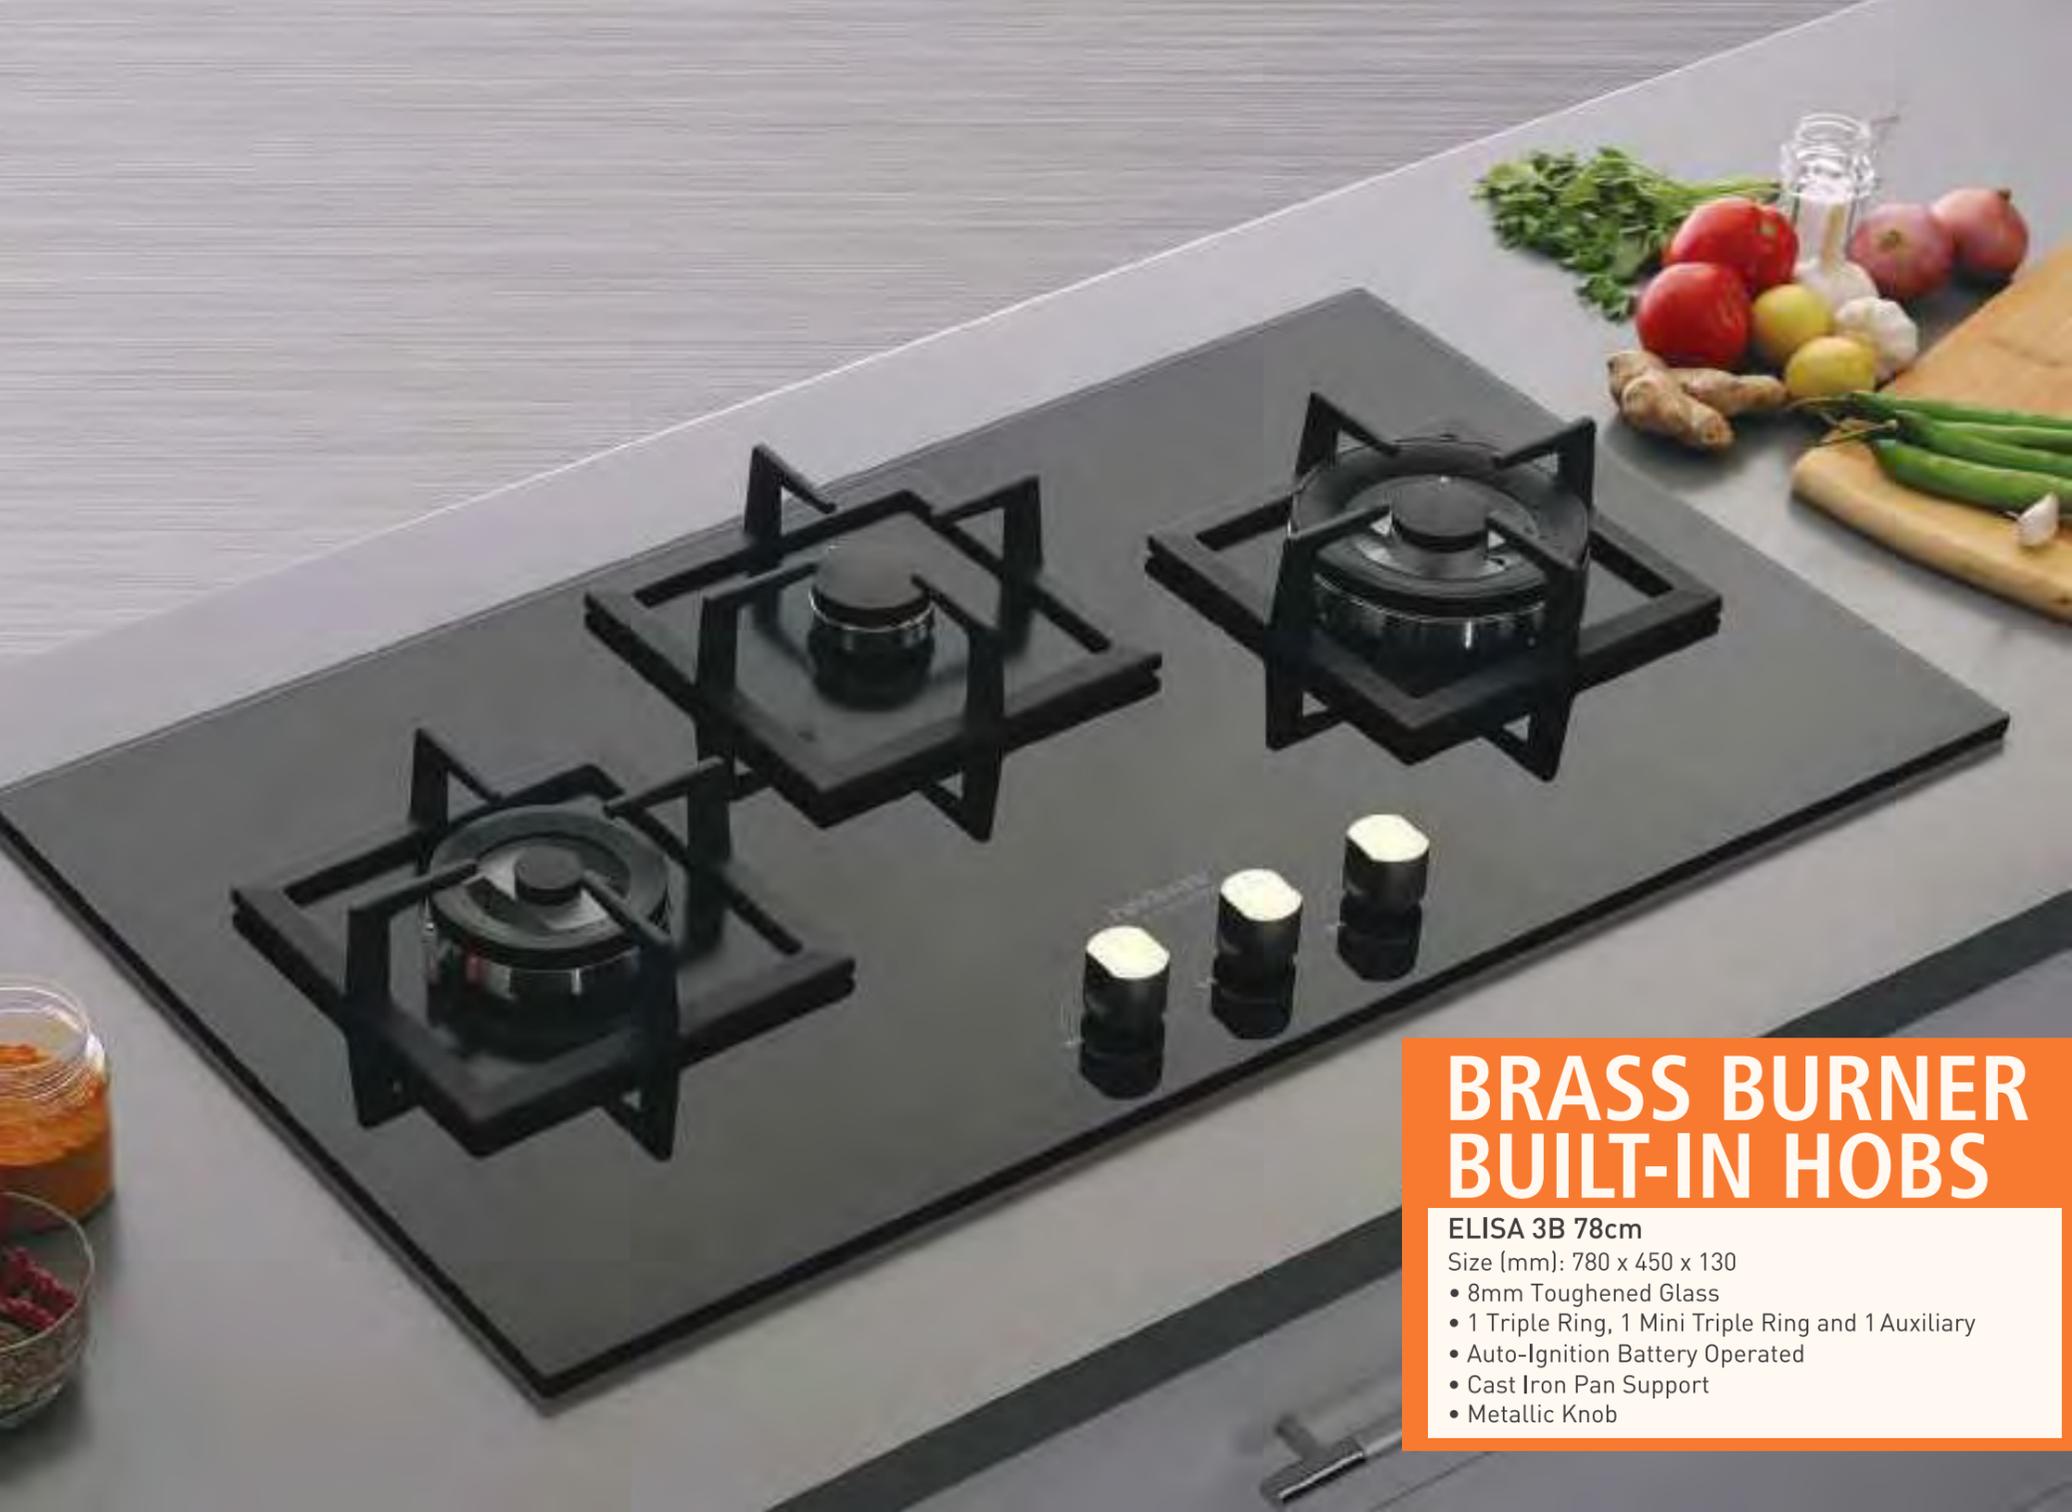

### ENAMEL COATED DRIP TRAY

Drip Tray with enamel coating with high thermal capacity is durable, scratch proof and prevents food from seeping below.

### AUTO-IGNITION

For ease of operation, Hindware hobs also come with Auto-ignition which ignites the flame with the push of a button.

## FOOD WASTE DISPOSERS

Hindware brings you the novel concept of food waste disposers. These devices are connected to the sink drain to efficiently dispose off food waste such as small bones, egg-shells, vegetable/fruit residue etc. Your kitchen remains odour-free and choke-free.

**Deluxe 0.75 HP**

- Power: 0.75HP • Noise Level: 50-60 dB(A)
- RPM Speed: 2600 • Voltage 230V

- Power: 0.50HP • Noise Level: 50-60 dB(A)
- RPM Speed: 2600 • Voltage: 230V
- Wattage: 360W • Corrosion-Proof Grinding Chamber

## HANDMADE SQUARE SINKS

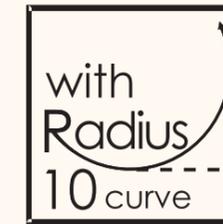

Crafted to perfection, our range of handmade square sinks come with an elegant matt finish. Cut with precision, the unique curved edges and design offers better hygiene, drainage and ease of cleaning.

### Clean Drain Technology

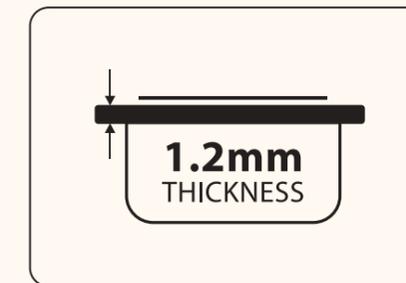

Specially designed sink drain coupling fitted with an easily removable clean drain bin filters out the solid waste effectively. The clean drain bin can be removed, emptied and assembled back quickly and conveniently. It prevents choking of drain, a common problem in Indian homes and helps maintain a cleaner sink after every use.

### Radius 10 Curve

10 mm radius curve on the corners of the square sinks enable it to avoid sticking of food waste and makes it easier to clean, while maintaining hygiene.

### Steel Thickness

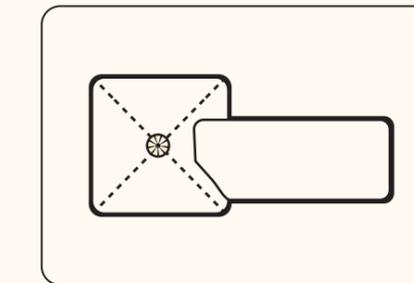

Hindware uses 1.2 mm thick steel for all its handmade sinks, which makes the sink less vulnerable to denting or bending, even after years of receiving hard knocks from utensils.

### AISI SS 304 8/18

Made with American International Steel Institute SS 304 food grade steel with 8% Nickel and 18% Chromium, this sink ensures extraordinary reliability, strength, durability and superior performance, while maintaining hygiene.

### X Drain Grooves

Grooves in the shape of letter "X" are made to channel and ease the flow of water and food waste towards the drain hole.

### Dual Sound Absorption

Grey coloured ceramic undercoating with rubber pad, reduces the noise generated during cleaning of utensils and also enhances the life of the sink.

# CLEAN DRAIN TECHNOLOGY

Specially designed sink drain coupling fitted with an easily removable clean drain bin filters out the solid waste effectively. The clean drain bin can be removed, emptied and assembled back quickly and conveniently. It prevents choking of drain, a common problem in Indian homes and helps maintain a cleaner sink after every use.

**PRESSED SINKS**  
 Add a touch of class to your kitchen with this stylish new range of sinks with clean drain technology and dual sound absorption. These rectangular stainless steel sinks are pressed to precision.

**AISI SS 304 8/18**

Made with American International Steel Institute SS 304 food grade steel with 8% Nickel and 18% Chromium, this sink ensures extraordinary reliability, strength, durability and superior performance, while maintaining hygiene.

**Steel Thickness**

Hindware uses 1mm thick steel for all its models, which makes the sinks less vulnerable to denting or bending, even after years of receiving hard knocks from utensils.

**Rectangular Bowl**

Deeper bowl with rectangular shape provides more space for storing and cleaning of utensils and is aesthetically superior.

**Dual Sound Absorption**

Grey coloured ceramic undercoating with rubber pad reduces the noise generated during cleaning of utensils and also enhances the life of the sink.

**Scratch Guard Lamination**

A coloured lamination strip encapsulates all the sinks, thereby preventing scratches or marks during the process of transportation, handling and installation.

**Lifetime Warranty**

Our sinks are warranted against any manufacturing defect for a period of 25\* years from the time of purchase, giving you a hassle free experience for a lifetime.
